

STREET LEVEL HEALTH PROJECT Title:

Health Access Program Manager

Hours: 40 hours per week - Non-Exempt Position

Organization: Street Level Health Project is an Oakland-based non-profit organization dedicated to improving the health and well-being of underserved, urban, immigrant communities in the Bay Area. We prioritize a holistic health framework that provides direct services to empower low-wage workers to access and advocate for resources that strengthen communities.

Health Access Program The Health Access Program (HAP) is a program of Street Level Health Project that provides a biweekly weekly drop-in clinic with concurrent medical, mental health, herbal/nutrition services, patient advocacy, health enrollment, and prevention services for uninsured and underinsured immigrants in Alameda County. Our work is a collaborative effort of a broad team of dedicated individuals including a medical director, community health workers, mental health consultant, a nutritionist/herbalist, interpreters, volunteer medical providers, precepting students and external partners.

Health Access Program Manager The HAP Manager will facilitate the day to day operations of a twice weekly clinic; support a broad range of providers, consultants, staff members and volunteers to implement an integrative health model. The HAP manager is part of the organizations leadership team.

Clinic Hours: Mondays 9am to 4pm and Wednesdays 12pm to 6pm

Clinic***Coordination***

- Supervise clinic flow including monitoring sign in list; coordinating provider visits
- Manage volunteer community health workers and delegate tasks to ensure role clarity and coverage.
- Administer intakes and vital signs as needed depending on volunteer coverage.
- Personally review each patient chart and oversee patient discharge process.
- Support clinic team (including volunteers, community health workers, interpreters, consultants, volunteer medical providers) to ensure an integrative practice and continuity of care.
- Collaborate with Nutrition and Mental Health consultants to ensure continuity of care.
- Maintain a clean and organized clinic space, restock supplies as needed to ensure clinic rooms always contain all required supplies.
- Coordinate with Wellness & Prevention Services staff to increase linkage to internal and external referrals
- Conduct 1:1 health education and help clients identify tools to navigate healthcare/system barriers.

- Conduct patient follow up on internal and external referrals, lab results, imaging results, insurance enrollment and primary care as needed
- Ensure all patient data is entered into the database and that client information is HIPAA compliant.
- Independently implement clinical protocols and procedures as directed by the Medical Director.
- Provide conflict resolution as needed to staff, community health workers, providers, and volunteers.

Program

Administration

- Collaborate with Medical Director to recruit and schedule volunteer medical providers to ensure coverage of 8 clinic sessions per month.
- Collaborate with the Wellness & Prevention Services Manager to ensure that organizational outcomes are met.
- Adhere to HAP budget in regards to ordering medication, travel vouchers, equipment, office and lab supplies as needed.
- Oversee data entry and complete reports for grant funders of clinical services.
- Coordinate with Wellness & Prevention Services Manager to increase linkage with internal and external referrals.
- Recruit and refer patients for specific health education opportunities and programs.
- Produce monthly and quarterly reports to Medical and Executive Directors to ensure outcomes.
- Collaborate with the administration team to manage work plans for deliverables related to HAP programming, funding reports and grants
